Dear Friends and Close Associates of Father D'Agostino,

It is with heavy hearts that we have heard the news of Father's passing. Father D'Agostino championed the cause of those less fortunate in our midst, a contemporary Good Samaritan. His life was blessed with so many adventures and experiences and he touched so many with his unique and caring ministry. Holt International feels blessed that Father was able to visit us and speak to our global conference just last month on his final visit to the United States. His spirit will live on with us while we work to help children, as Father D'Agostino would have us do.

Our prayers are with you at this time,

Gary N. Gamer
President and CEO
Holt International Children's Services
